GATHERED TOGETHER FOR FUTURE CAREFUL CONSIDERATION.

Opinions as to the Results of the Recent
Tidal Wave and Optical Disturbances—
"What Will the Harvest Be?"

Workingmen evidently want lower wages in this country.

Notwithstanding the dark clouds of Wednesday, the sun shines again.

At this hour the returns indicate that Bidwell, the Prohibition candidate, is defeated.

If there is anything else that the Democratic party at large wants let them ask for it.

It was a good deal of a storm after all and a great many of our fellows were caught out without their umbrellas.

Chicago's heavy Democratic majority is a big bid for the Southern trade. New York has heretofore had the "cinch."

Evidently a great many of our fellows made a mistake and thought that next Tuesday, instead of last Tuesday, was election day.

The Republican party can stand the result if the country can. It is a defeat not merely for the party, but for the policy that has made the country great.

The Republican party is defeated, but its principles are not destroyed. They will command in other years the glad support of thousands who now deny them.

It is probable that the U. S. Senate has become Democratic. The people will now for the first time find out just exactly what Democratic principles are if such things exist.

President Harrison, who is taking his defeat philosophically, is said to be already discussing with his family their plans for leaving the White House. The President will return to Indianapolis.

The London Graphic says: "No pleasure is greater than that from the United States has been received here in a long time. The election is the most disastrous blow given Protection in the memory of the present generation."

The next United States Senate will be under Democratic control. This control may not be direct and absolute, but the Republicans will not have a majority. The Independents are likely to vote with the Democrats on most questions.

There is a strong possibility that the next Presidential election will be thrown into the House of Representatives. With this probability in view Republicans should begin right now to get ready for the Congressional elections of 1894. It is more than important that we should secure control of the Lower House in the Fifty-fourth Congress.

Our Democratic friends will "jubilate" Tuesday evening. We advise Republicans to be good-natured. It is only a return of the dose we gave them four years ago. Let there be no personalities, and no feeling will grow out of it. We are one citizenship and one people, and ought not to let partisan feelings override personal friendships. Again we advise Republicans to be good-natured and Democrats to avoid personalities.

The London Telegraph says it does not anticipate any material relaxation in the Tariff laws as a result of the assumption of power by the Democrats, but thinks it will act as a check upon the establishment of tin plate and other new manufacturing industries in America, and will thereby hurt the balance of foreign trade.

How any American can reflect upon the delighted expressions of the British press and not feel that the majority of the American people have made a serious blunder is past finding out.

THE OFFICIAL FIGURES

THE COMPLETE VOTE OF MASON COUNTY AT TUESDAY'S ELECTION.

The Canvassing Board Makes But a Few Changes—Cut the Following Table Out for Future Reference.

Yesterday the county was canvassed by a board consisting of County Clerk Pearce, Judge Phister and Sheriff Alexander.

The ballots, which had been left uncounted in some of the Precincts on account of some irregularity concerning which the officers of election had a difference of opinion were gone over, though a few changes were made in the vote already announced.

Some of these ballots are curiosities. They show to what a remarkable degree of error a man's misunderstanding will carry him. The prior ballot came from Minerva. The elector who wielded the stencil on it voted every ticket straight through except the Democratic. He evidently had no love for the rooster. That far he displayed his intelligence.

Dr. Yantis, the People's Party candidate for Congressman, received 55 votes in the county. His largest vote was at Helena, where he polled 14. But three votes were cast for him in Maysville, one in the Fifth and two in the Sixth Ward.

Weaver, People's Party candidate for President, received 41 votes in the county and Bidwell, Prohibition, 74.

The table will be worth keeping. You may want to refer to it at some future election.

Alexander. The balloons, which had been left uncounted in some of the Precincts on account of some irregularity concerning which the officers of election had a difference of opinion were gone over, though a few changes were made in the vote already announced.

A SWINDLER.

Clifton E. Hupp Nabbed by the Authorities at Louisville.

Indication That He Has Caught Many Ohio Suckers.

In His Pocket Were Found Letters, Bills, Faux Tickets and Other Papers From Over Twenty Cities in That State—It Is Believed to Be a Shrewd Crook.

LOUISVILLE, Ky., Nov. 18.—"What will my wife say when she hears it?" With such words of thought in mind, correspondents said a jauntily dressed young man who stood switching a gold-headed cane in Chief Detective Owens' private office Friday afternoon. He was attempting to prove that he was innocent of having come upon him as he was ushered into the gloomy "bull pen" at the jail on the charge of obtaining money by false pretenses. The young man was Clifton E. Hupp, of Columbus, O., and he claimed to be the owner and proprietor of the "Perfection" mail box. He has been working through all the cities and towns of Ohio, according to his own statement, and in his pocket was found letters, bills, and two single tickets on a steamship from over twenty cities in that state. He is a Mason and Knight of Pythias. His business is to establish agents for the Perfection Mail Box Co., and he has evidently had wonderful success in his work. He does not believe he is a shrewd crook, and that seems to be in part substantiated by the cause which led to his arrest.

Hupp comes here from Cincinnati, and took rooms at the Waverly. He never tried to conceal his identity. When applicants went to him, and with a large number of men he drew up contracts for the sole agency of Louisville. Among the number were Shirley McGhee and G. G. McCorquodale, who claim to be experts. They entered into contracts and found that both had the exclusive agency here. For the privilege they had paid \$5 each, and upon investigation it was found that many another was also exacting an exorbitant amount. Hupp took out a warrant for Hupp's arrest on the charge of obtaining money by false pretenses. He was at once arrested by Detective McCorkhill. If Hupp is a fraud, he has worked the state of Ohio for thousands of dollars, for large numbers of people, for "useless services" were found in his pockets, several of them being for \$300. Hupp was married in 1891 at Somer-set, O., and he says his wife is now in Columbus.

VOTE NEARLY IN.

All But Four Indiana Counties Heard From Indicate a Plurality of Over Seven Thousand.

INDIANAPOLIS, Ind., Nov. 12.—Returns from eighty-eight out of ninety-two counties here have been received, and generally changed the estimate of the democratic plurality in Indiana heretofore given. Based upon the vote of 1888, the democrats in the eighty-eight counties have made gains of 11,487 votes. The republicans have gained 369 votes. This gives the republicans a majority in the eighty-eight counties 10,071 over the vote of 1888.

In that year the republicans carried the state by a plurality of 2,348. The net democratic gain in this election is thus a substantial wipe out of the majority of four years ago and give a democratic plurality of 7,723.

This computation does not include returns from the four counties of Marion, Warren, Fountain and Crawford. These estimates on the basis of the returns available are believed to substantially correct: Marion, 1,000 democratic; Crawford, 200 democratic; Warren, 800 republican, and Fountain, 75 republican. The democratic preponderance in these four counties is 820. This gives a democratic majority of Indiana of 8,400. It is not believed the official count will vary much from these figures.

Texas Results.

GARVERSON, Tex., Nov. 12.—Fuller returns from the state confirm the election of Hogg by 50,000 to 75,000 plurality. The next legislature, both house and senate, will be overwhelmingly democratic. The populists will have less than a half dozen members in the house, and less than twenty of a total of 123 in the house. There will be two or three republicans in the lower house, but none in the upper.

North Carolina Results.

RALEIGH, N. C., Nov. 12.—The democrats have elected all the congressmen from this state except, perhaps, in the 12th district, where the returns are not yet in. The democrats also have the largest majority in the legislature that they have ever had. In the senate there are forty-one democrats, two populists, one republican and two seats still in doubt.

Oregon's Returns.

PORTLAND, Ore., Nov. 12.—Complete returns from the state are not yet in, but it is believed to be for severals days. The returns from the 10th congressional district, which is the official count, give Harrison 30,858, Cleveland 11,995, Weaver 35,485. Pierce, farson, for elector, polls 29,055 votes. The five counties to the north of the coast were poor Russians who died leave to the country.

Fearnt Fire at Norma.

NEW YORK, N. Y., Nov. 12.—A destructive fire broke out in the large peanut factory of the Merchant's and Farmers' Co., situated on the 10th floor of a ten-story building, and jumping over the street to the Guanlun-Bawh Penny Peanut Co., totally destroying the buildings. The loss so far is between \$50,000 and \$75,000.

More Famine in Russia imminent.

ST. PETERSBURG, Nov. 12.—The harvest in southern Russia has been a failure, and the winter is severe.

The victims of the gang of murderers were poor Russians who died leave to the country.

Dakomey's Fate Sealed.

PANAMA, W. Va., Nov. 19.—The Point Pleasant machine works were destroyed by fire, and a loss of \$12,000 and interest of \$6,000. Samuel Wheaton's residence caught fire from a brand and was destroyed, with a loss of \$3,000 and \$1,000 insurance.

Eight Hangings at One Time.

ANNAPOLIS, Md., Nov. 12.—Brown Friday fixed upon December 30, and signed the death warrant for the execution of the eight members of Dr. J. M. Hill, of Kent county.

Twenty-four Planchette Diviners.

BOSTON, Nov. 12.—The signs of ad war in Boston have increased. Marshall's have increased to advise it metallum.

NO. 1 BATTLESHIP.

She Will Not Be a Speedy Vessel, But Very Strong.

WASHINGTON, Nov. 12.—The expert engineers of the bureau of steam engineering have just completed the revised specifications for the engines and boiler of the proposed battleship No. 1, which will be the largest vessel in the United States navy. Notwithstanding the great size of the vessel—she will displace 11,250 tons—she will not be a particularly speedy vessel, and will be a participant in the naval battles of the world. But that is because she is to be heavily armored; not "protected" like the New York, in certain vital parts, but covered with heavy Harveyized steel plates capable of resisting the weight of a broadside of 1,000 pounds per square inch.

The greatest weight of this armor has obliged the naval architects to reduce the weight allowance of the engines and boilers, and that meant a reduction in speed, particularly in the early stages of the voyage, when the load had to be made for the coal supply of the ocean going man-of-war.

The new vessel will have engines of 11,000 horsepower power, which, running at 112½ revolutions per minute, will give a speed of sixteen knots per hour. She will be triple expansion engines, which means that the steam will be used three times in as many different cylinders before being condensed. Three double ended turbines will be used, and a single vertical steam boiler will supply the steam at 100 pounds pressure to these engines and make a sufficient draught to draw the two smokestacks will be made 100 feet in height. These turbines will be able to develop 1000 horsepower each.

FRANKFORT, Nov. 12.—Finance is gradually getting the better of politics, and a deadlocked convention to be held in January to decide the question of whether to call a constitutional convention to propose a state constitution, and a bill of rights, has been adjourned.

The French decided to send men to the convention to help draw up a bill of rights.

CARDO, Ill., Nov. 12.—The Chicago Single Tax club has adopted the following resolution:

"Single Taxers Already Hit After the Democrats."

CHICAGO, Ill., Nov. 12.—The Chicago Single Tax club has adopted the following resolution:

"The national democratic platform denounces protection as a curse and robbery, and declares it to be unconstitutional, and with their declarations submitted the matter to the people; therefore,

"Resolved, That the tidal wave which swept the country last Tuesday is a righteous judgment protecting the nation. That we denounce as false to the pledges of the democratic party and inimical to its continued success every utterance on the part of its accredited leaders which tends to justify protection of any vestige of the protective system."

WE MADE A MISTAKE.

One Democrat Who Has Discovered Already That He Voted Against His Interest.

MARYVILLE, Ky., November 10th, 1892.
Dear Friends: I voted for Cleveland, but I see now what I have done, and I will give up to him all the time I have, I think, that I can not get back. I have seen sick Democrats whose wages are going to be cut that are the same way. Take my advice and go the right way. Yours truly, DEMOCRAT.

Program 2 Before Leaving Home.

Three years ago, while I was visiting relatives at Higginsville, Mo., I was suddenly taken with colic and severe pains in the stomach. My relatives sent to the Doctor for medicine, and he sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, telling the better that if that medicine did not cure me he could not prescribe anything that would. I took it and was immediately relieved. —Henry A. Thorne. For sale by Powers & Reynolds.

Program 3 Before Leaving Home.

All kinds of Coal received daily. Orders for coal, firewood or charcoal, etc., second and Union streets, will receive prompt attention.

JOHN FITZPATRICK and quickly executed at The Public Ledger Book Room.

When Cleveland was nominated at Chicago, Henry Rudolph and Miss Mary Lawrence, both of Evanston, O., made a queer agreement. If Cleveland was elected she was to marry Rudolph at any time the latter, but if Harrison won, he would wait his pleasure. Rudolph sat up all night to get the returns, and early Wednesday morning he took Miss Lawrence to Cincinnati where they were married.
